GW is assessing the prevalence and perceptions of prohibited sexual behaviors amongst our community and is seeking a better understanding of how you respond to incidents when they occur. Our goal is to better determine what resources are needed to more effectively prevent and address sexual misconduct, including sexual violence. Please help GW increase our understanding of what we are doing well and where we can improve our efforts by completing this confidential survey. The survey should take about 7 minutes to complete.

NOTE: This survey asks about sexual behavior and sexual misconduct, including sexual harassment, sexual assault, stalking, and intimate partner violence, which may be upsetting. If you would like to talk to someone confidentially about questions or concerns relating to sexual misconduct, including sexual assault, please contact the Sexual Assault Response Consultative Team (SARC) at sarcteam@gwu.edu /202-994-7222 or the GW University Mental Health Services at counsel@gwu.edu /202-994-5300.
